Treehouse Biotech
4472 Hilltop Rd, #A,
Mead, CO 80504

To Whom It May Concern:

Treehouse Biotech, the manufacturer of **Treehouse CBD Isolate, Treehouse Honest Spectrum Hempseed Oil, Treehouse Honest Spectrum Powder, Treehouse Enhanced Spectrum Hempseed Oil, and Treehouse Enhanced Spectrum Powder** a cannabis-derived product, has submitted written information to the Public Health Inspections Division of the Denver Department of Public Health and Environment (“The Department”) regarding their manufacturing processes. The production process for the concentrate and the above noted product has been evaluated for shelf-stability and control for growth of *Clostridium botulinum* spores.

The concentrate is made using an ethanol extraction process and has a decarboxylation step that heats the concentrate to at least 115°C for a minimum of 30 minutes as verified through written standard operating procedures and photographs verifying the target temperature and time is achieved. Written time and temperature logs of the decarboxylation step shall be maintained and shall be made available if requested by the Department. The Department also conducted evaluation of the end products.

Treehouse Biotech is approved to store the above noted products as non-potentially hazardous foods not requiring time or temperature control. Any changes to the production process, ingredients, or ingredient sources for the above noted product may result in a change to this approval. Furthermore, approval may be rescinded, or conditions adjusted at any time if new information becomes available about risks of the product. Any changes to the process for making the concentrate or the above noted product must be submitted in writing and approved in advance by the Department for continued approval to treat final products as a non-potentially hazardous food.

Please note that the jurisdiction of this Department applies to the City and County of Denver only, and the scope of this approval applies to Treehouse Biotech’s products sold in Denver. This Department has no direct authority over the Treehouse Biotech’s manufacturing facility in Mead. The Department recommends maintaining this approval available upon request, and providing a copy to Denver retail outlets where the product is sold. A second copy will be maintained on file at the Public Health Inspections Division.

Kind regards,

Danica Lee
